(54) Title: HOUSING STRUCTURE

(57) Abstract: A housing structure has a frame structure (1) on which there are arranged via connecting elements (7) several optical elements (5) which are held in mounts (6) or structural modules (6'). The optical elements (5) are detachably connected to the frame structure (1) with their mounts (6) or structural modules (6') and connecting elements (7) in such a way that in the installed state they are integrated as bearing units in the frame structure (1).
